—, Book review: Psychological development in health and disease. By George L. Engel, 117
WICZER, DONALD W., Book review: Pediatric methods and standards, fourth edition. By Fred H. Harvie, 138
WIGGER, H. JOACHIM (with Shugoll, Gerald), Congenital stenosis of pulmonary valve, clinical pathological conference, 102
WINSHIP, THEODORE (with Hung, Wellington and Lovrien, Everett), Hashimoto's thyroiditis, grand rounds, 291
WOLF, STANLEY I. (with Howard, William A., Berman, Sidney, and Feinberg, Richard J.), Asthma, panel discussion, 189
WOODWARD, THEODORE (with Ross, Sydney, Krugman, Saul, and Romansky, Monroe J.), Antibiotics and infectious diseases, open-end panel discussion, 141

SUBJECT INDEX*

Antibiotics and infectious diseases, open-end panel discussion (Ross, Krugman, Romansky, and Woodward), 141
Appendicitis in children under four years of age (Stang and Flores), 72
Appraisal of Mimeae as a cause of infection, with a note on a possible source of contamination, an (Floyd and Dye), 277
Asthma, panel discussion (Howard, Berman, Wolf, and Feinberg), 189
Asthma, self hypnosis in the treatment of, grand rounds (Stang, Luz, Carr, Lourie, Rieger, and Howard), 199
Asthma, the contribution of child psychiatry to the study of the pathogenesis of (Berman), 181
Asthma, the medical and immunological aspects of (Feinberg), 171
Battered child syndrome, the, clinical pathological conference (Leikin and Guin) 301
Bleeding, postoperative, in the first 24 hours after removal of tonsils and adenoids (Scharf), 134
Book reviews:
Aids to the diagnosis and treatment of diseases of children, eleventh edition. By F. M. B. Allen and I. J. Carré, 89
A synopsis of children's diseases, third edition. By John Rendle-Short, 116
Child health in the tropics. Edited by D. B. Jelliffe, 60
Children's radiographic technic, second edition. By Forrest E. Shurtleff, 60
Congenital cardiac disease. By Robert S. Fontana and Jesse E. Edwards, 30
Constructive surgery of the hip. By Otto E. Aufranc, 139
Handbook of pediatric medical emergencies, third edition. By Adolph G. DeSanctes and Charles Varga, 333
Medical embryology: human development—normal and abnormal. By Jan Langman, 334
Medical physiology, eleventh edition. Edited by Philip Bard, 115
Pediatric diagnosis, second edition. By Morris Green and Julius B. Richmond, 30

* January, pp. 1–32; February, pp. 33–62; March, pp. 63–90; April, pp. 91–118, May, pp. 119–140; June, pp. 141–170; July, pp. 171–206; August, pp. 207–234; September, pp. 235–262; October, pp. 263–284; November, pp. 285–306, December, pp. 307–340.

Pediatric methods and standards, fourth edition. By Fred H. Harvie, 138
Psychological development in health and disease. By George L. Engel, 117
Strabismus: symposium of the New Orleans Academy of Ophthalmology. Edited by George M. Haik, 139
Synopsis of pediatrics. By James G. Hughes, 261
Tuberculosis in children. By Edith M. Lincoln and Edward M. Sewell, 283
Child or adolescent in court, the (Frost, Werkman, and Heald), 82
Congenital cystic malformation of kidneys, clinical pathological conference (Kelly and Guin), 19
Congenital stenosis of pulmonary valve, clinical pathological conference (Shugoll and Wigger), 102
Contributions of child psychiatry to the pathogenesis of hyperactivity in children, the (Lourie), 247
Contribution of child psychiatry to the study of the pathogenesis of asthma, the (Berman), 181
Contributions of neurology to the pathogenesis of hyperactivity in children, the (Paine), 235
Contributions of psychoanalysis to medical practice with adolescents (Fraiberg), 45
Copeland, Edgar P., Annual Lectureship, Pediatrics 1984: an attempt to look into the crystall ball (Janeway), 33
Court, the child or adolescent in (Frost, Werkman, and Heald), 82
Cretinism, grand rounds (Blizzard and Coon), 207
Development of urinary control in children with special reference to primary enuresis, the (Muellner), 285
Disseminated sclerosis, grand rounds (Paine, Goodman, Houck, and Javedan), 215
Drug therapy of overactivity in children, brief summary of remarks (Eisenberg), 253
Editorials:
Meditation on medication (Cohen), 88
Rationalists or routinists? (LoPresti), 58
The eradication of lead poisoning (Gutelius), 169
Electrolyte, and fluid, therapy in the newborn period (Finberg), 91
Eradication of lead poisoning, the (Gutelius), Editorial, 169
Fluid and electrolyte therapy in the newborn period (Finberg), 91
Fluid therapy and neonatal surgical patients (Floyd), 99
Hashimoto's thyroiditis, grand rounds (Hung, Winship, and Lovrien), 291
Hyperactive child, the, panel discussion (Greenberg, Paine, Eisenberg, Anderson, and Lourie), 256
Hyperactivity in children, the contributions of child psychiatry to the pathogenesis of (Lourie), 247
Hyperactivity in children, the contributions of neurology to the pathogenesis of (Paine), 235
Hyperinsulinism, functional, hypoglycemia in childhood with special reference to (Cone, Jr.), 12
Hypernatremia (Finberg), 63
Hyperthyroidism, medical treatment of, in children and adolescents (Hung), 51
Hypoglycemia in childhood with special reference to functional hyperinsulinism (Cone, Jr.), 12
Kidneys, congenital cystic malformation of, clinical pathological conference (Kelly and Guin), 19
Lead poisoning, clinical pathological conference (Paine, LoPresti, and Guin), 322
Lead poisoning, the eradication of (Gutelius), Editorial, 169

Legal medicine (Cantor), 158
Letter to the editor: Substitutes for lollipops (Grossman), 20
Medical and immunological aspects of asthma, the (Feinberg), 171
Medical treatment of hyperthyroidism in children and adolescents (Hung), 51
Meditation on medication (Cohen), Editorial, 88
Meningococcemia and meningococcal infections (Floyd), 119
Mimeae, an appraisal of, as a cause of infection, with a note on a possible source of contamination (Floyd and Dye), 277
Neurology, the contributions of, to the pathogenesis of hyperactivity in children (Paine), 235
Overactivity in children, drug therapy of, brief summary of remarks (Eisenberg), 253
Pediatrics 1984: an attempt to look into the crystal ball (Janeway), 33
Postoperative bleeding in the first 24 hours after removal of tonsils and adenoids (Scharf), 134
Pseudomonas infections of the urinary tract (Pochedly), 127
Psychiatry, child, the contributions of, to the pathogenesis of hyperactivity in children (Lourie), 247
Psychiatry, child, the contribution of, to the study of the pathogenesis of asthma (Berman), 181
Psychoanalysis, contributions of, to medical practice with adolescents (Fraiberg), 45
Pulmonary valve, congenital stenosis of, clinical pathological conference (Shugoll and Wigger), 102
Radiation, genes and childhood (Mitchell, Pearson, and McIlraith), 263
Rationalists or routinists? (LoPresti), Editorial, 58
Sclerosis, disseminated, grand rounds (Paine, Goodman, Houck, and Javedan), 215
Seizures in children, grand rounds (Livingston and Lattman), 1
Self hypnosis in the treatment of asthma, grand rounds (Stang, Luz, Carr, Lourie, Rieger, and Howard), 199
Some contributions of medicine and physiology to medical-psychological disorders (Cardon), 307
Stenosis of plumonary valve, congenital, clinical pathological conference (Shugoll and Wigger), 102
Thyroiditis, Hashimoto's, grand rounds (Hung, Winship, and Lovrien), 291
Tonsils and adenoids, postoperative bleeding in the first 24 hours after removal of (Scharf), 134
Urinary control in children, the development of, with special reference to primary enuresis (Muellner), 285
Urinary tract, pseudomonas infections of (Pochedly), 127
Wilms's tumor, experience at Children's Hospital 1949–1959 (Jarman), 225
